Using AppFolio’s ELECTRONIC CASH PAYMENTS
Getting Started

AppFolio Electronic Cash Payments using the PayNearMe network allows property managers to accept cash payments at thousands of retailers nationwide, including 7-Eleven and ACE Cash Express.

» The most convenient cash payment option
AppFolio Electronic Cash Payments using the PayNearMe network provides Property Managers and tenants with a safe, secure and easy way to make rent payments in cash. Traditional solutions often require residents to fill out forms or provide account information. Electronic Cash Payments simplifies this process with a virtual barcode that can be emailed, or printed. With it, tenants can pay with cash in less than 60 seconds, 24/7.

» Take the stress out of Rent Week
With AppFolio Electronic Cash Payments, you don’t worry about cash in the office. There’s no need to extend office hours, no drop box issues, and you no longer have to issue manual receipts. It’s convenient for tenants too; Electronic Cash Payments eliminates the need to get a money order or drive across town and drop a payment off. With multiple payment locations that are open 24/7, PayNearMe is a more convenient option for everyone.

» Reduce collection costs and save time
If you are currently accepting cash payments on-site, you can reduce labor costs and avoid the headaches of accepting and reconciling cash and money orders.

» A payment location may be closer than you think
Use www.paynearme.com/locations to tell your tenant where the closest 7-Eleven or ACE Cash Express stores are. Most likely, they will have one closer to their home than the leasing office.
